## MOORE COUNTY RESILIENCY COLLABORATIVE

MISSION: TO PREVENT  
AND HEAL THE  
IMPACTS OF ADVERSE  
CHILDHOOD  
EXPERIENCES (ACES)  
AND ESTABLISH  
MOORE COUNTY AS A  
RESILIENT  
COMMUNITY WHERE  
ALL CHILDREN  
THRIVE.

## RELATIONSHIPS MATTER

Last week, PfcF staff and fellow colleague, DeVault Clevenger, from Pinnacle Family Services, presented at the Prevent Child Abuse North Carolina Summit in Raleigh. The summit offered insight into the latest research, strategies for increasing protective factors, effective implementation, public awareness, and advocacy around effective prevention and treatment of child maltreatment.

Moore County was excited to share their experience with the start up of the Moore County Resiliency Collaborative. The Collaborative is a county wide, cross-sector coalition of community leaders who have joined with a collective mission. **Designing High Quality Infant Toddler Care Environments  
(.5 CEUs)**

Trainer: Tonya McCall

**Thursday, April 18  
&  
Thursday, April 25**

**6pm-8:30pm  
at PfcF**

In some settings you feel relaxed, comfortable, and free to open up and be yourself. In other places you feel formal, stiff, and a little on guard. In thoughtfully planned environments children feel a sense of belonging and security. The child's care environment conveys messages about what is okay and what is not, what is expected or allowed, and what is encouraged. We will explore the second level of the CSEFEL Pyramid Model in order to understand how to design high quality environments to meet the needs of infants and toddlers. This training provides information that supports the ITERS-R subscales: Space and Furnishings, Listening and Talking, Activities and Interactions and NCFELD Domain: Emotional and Social Development.

Extraordinary!**

(2 CHC)

Trainer: Tonya McCall

Thursday, May 30

6pm-8pm  
at PfcF

What does the word “curriculum” mean to you? If teaching skills and planning projects are the first ideas that come to mind, then this workshop will open your eyes to a new way of thinking about infant-toddler “curriculum”. Infant and toddler teachers spend a large part of the day engaged in routine caregiving responsibilities. These are key learning times! Participants will gain an understanding of why routines are essential to “curriculum” for infants and toddlers. Participants will learn how responsive and respectful one-on-one caregiving routines are opportunities for building relationships and learning, and how these routines are connected to culture and family values. This training provides information that supports the ITERS-R subscales: Personal Care Routines, Listening and Talking, Interactions and Program Structure.

Cost: \$5

Space Limit: 20

**Active Reading Training  
(2 CHC)**

Trainers: Bonnie Archibald and Emily Jones

Cost: \$5

Space Limit: 20

Tuesday, June 4

6pm-8pm  
at PfcF

Active reading involves reading a book **with** a child rather than reading a book to a child. This research-based approach improves children’s language skills, vocabulary, and ability to understand what they read on their own.

Come learn how to share picture books with a child in a way that gets the child talking and thinking about the pictures, words, and ideas in the book. Adults learn to be active listeners that ask questions, build vocabulary, and connect the story to the child’s world.

**The Five Protective Factors and Child Care  
(2 CHC)**

Trainers: Leslie Carson and Emily Jones

Cost: \$5

Space Limit: 20

Tuesday, June 25

The Five Protective Factors: Social and Emotional Competence, Knowledge of Parent and Child Development, Social Connections, Resilience, and Concrete Support are all keys to the prevention of Adverse Childhood Experiences (ACEs). Learn how these factors directly relate to you in child care and how you can better support families and children.
